12 v.

13 AMAZON WEB SERVICES, INC.,  
14 et al.,

15 Defendants.

CASE NO. C18-0317JLR

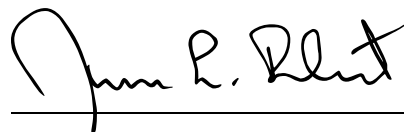

ORDER CONTINUING STAY

16 On November 28, 2018, the court stayed this case pending the Patent and  
17 Trademark Office's ("the PTO") decisions on eight *inter partes* review ("IPR") petitions  
18 filed by Defendants Amazon Web Services, Inc., Amazon.com, Inc., and VADATA Inc.,  
19 as well as Xilinx, Inc. (*See generally* 11/28/18 Order (Dkt. # 127).) In addition, the court  
20 ordered that the parties "file a joint status report regarding the status of the eight IPR  
21 petitions within seven (7) days of receiving decisions on all eight petitions from the PTO  
22 or on May 1, 2019, whichever occurs first." (*Id.* at 5.) On May 1, 2019, the parties filed

1 a joint status report, informing the court that “six of the eight IPR petitions challenging  
2 the asserted patents in this case have been instituted for trial and one is still pending  
3 institution.” (JSR (Dkt. # 134) at 2.)

4 Based on the foregoing information, the court ORDERS that the stay in this case  
5 remain in effect until the court orders otherwise. The court further ORDERS the parties  
6 to file a joint status report no more than 90 days from the date of this order and to file a  
7 joint status report every 90 days thereafter until the court lifts the stay. The joint status  
8 report shall inform the court of the status of the eight IPR petitions at issue in this case,  
9 any potential appeals of the PTO’s decisions that involve the eight IPR petitions, the  
10 expected timeline for resolution of this matter, and any other developments affecting  
11 resolution of this matter. If the eight IPR petitions are resolved or if there is any other  
12 significant change in the status of this matter at any time earlier than 90 days from the  
13 date of this order or any 90-day interval at which the parties must file a joint status report,  
14 the court ORDERS the parties to file a joint status report informing the court of the  
15 development no more than seven days after it occurs.

16 Dated this 3rd day of May, 2019.
